The information in this whitepaper is provided with the understanding Havens Nook is not herein engaged in rendering legal, accounting, tax, or other professional advice and services. As such, it should not be used as a substitute for consultation with professional accounting, tax, legal or other competent advisers.

Introduction

HXN is a Ethereum-based token that introduces a new concept proof of fun (POF). Have fun and your efforts will be rewarded with HXN. We're changing the game by :

-Attracting new people to crypto

– Promoting community through common goals

– Increasing blockchain awareness in a safe and non-threatening way to promote mass adoption.

– Creating interest through FUN instead of conventional ways.

Havens Nook is a self-funded project created by crypto enthusiasts all over the world.

Proof Of Fun

Proof of FUN is what it takes to crack a Golden EGG to reveal the HXN it carries (up to 10,000 HXN – varying per event).

One (1) EGG event each month will be scheduled and rules published specific to that event.

An EGG event may include challenge(s), puzzle(s), game(s), point goal, and more....

Once complete, PROOF of FUN will cause the EGG to crack and share its contents with the player(s) or team who cracked the EGG
EGG Events may take the form of:

- Teamwork to crack the EGG, giving each teammate a share of the prize according to their participation.
- Certain EGG events may allow only one (1) player to gain the HXN prize.
- EGG events may also be scheduled for all Havens Nook members to complete together. Points will be kept and everyone who participated gets their fair share.

Financial Inclusiveness

- We make things easier for beginners. Anyone around the world can benefit from HXN without censorship

Instant Payment

- Peer-to-peer transaction costs are much lower. It's easy to send HXN to your loved ones on the other side of the world in seconds

Havens Planet

- Join Havens Planet : farming, staking and more. Join games by tipping into the FUNpot.
